Guidelines & Tips for Enjoying Library Programs

Library programs are an introduction to the world of books, literature and lifelong learning. Programs may include stories, songs, crafts and other related activities.

Prepare for the Library Program

Parents, please discuss with your child before you come to the program the importance of being a good listener so others can enjoy the stories and everyone can hear the instructions.

On Program Day

Arrive a little early to use the restroom and get ready to participate. Library programs start promptly at their scheduled time.

During the Program

Silence cell phones and take a break from texting. If you need to step out of the program to use the restroom, please re-enter quietly. Also leave gadgets and toys in your backpack or in the car so they do not distract other students. Please do not bring food or snacks to the Program, unless otherwise noted.

Library Programs at Home

We emphasize literacy in all of our programs, often through fun activities and projects. Children learn through play, so think of ways your child can share what they learned at the library program when they are at home.

If you can't come...

Please let the library know if you are unable to attend. We limit the size of programs and some children may be on a waiting list. You can call You can call 414-529-6150 ext. 17
