About Pre-School Storycrafts

Guidelines & Tips for Enjoying Story Time

Story time is an introduction to the world of books, literature and lifelong learning. Programs may include stories, songs, finger plays, crafts and other related activities.

Prepare for Story Time

Discuss with your child before you come the importance of being a good listener by being quiet and still so others can enjoy the stories too.

Arrive Early

Allow you and your little one time to hang up your coats and get ready for story time. Story times start promptly at their scheduled time.

Visit the Bathroom

Leave enough time for a trip to the bathroom before story time begins.

Behavior Expectations

Please be considerate of others by taking your child out of story time if he/she is unhappy or disruptive. Feel free to return when you feel your child is ready to listen.

Courtesy to All

Cell phones should be silenced at the beginning of story time. Nothing ruins a good story like a ringtone, no matter how catchy the tune. Also be sure your child leaves his/her stuffed friends and toys at home or in the car so they do not distract other children. Please do not bring food or snacks to story time.

Participation

Your child learns by watching...you. It helps everyone (especially your child) if you participate with your child. Talking to other parents during story time tells your child that story time is unimportant or unworthy of your attention.

Story time at Home

We emphasize literacy in all of our programs, often through playful activities. Children learn through play, so think of this as your 30 minutes a week to pick up fun new activities to try together at home.

If you can't come...

Please let the library know if you are unable to attend. We limit the size of all classes and some children may be on a waiting list. You can call 414-529-6150 or email hcl.childrens@halescornerslibrary.org
